Pre-Requisites:

Delegates need to be familiar with HACCP principles and ideally aware the concept of management systems.

Course Details:

The course is designed to ensure effective understanding, interpretation & implementation of the requirements of a food safety management system in accordance with the requirements of ISO 22000:2005. The course is based on effective learning techniques utilizing tutorial sessions with interactive feedback & workshops. This course meets the training requirements for individuals seeking registration as an Auditor/Lead Auditor under the IRCA FSMS Auditor Certification Scheme. This course is more than a "gold-rush" of knowledge and techniques. Compared to traditional taught course it utilizes the accelerated learning approach to ensure delegates and potential Auditor(s) have both the technical competence and confidence to conduct audits to a higher standard.

Course Objectives:

- The purpose and benefits of a Food Safety Management System (FSMS)
- The HACCP Principles, linkage & inter relationship between HACCP & Management Systems
- Hazard Identification/Analysis including operational risk control, monitoring and measurement
- The purpose and contents of prerequisite programs and Good Practices
- The ISO 22000:2005 series scope, purpose, benefits and structure.
- The requirements of ISO 22000:2005 and how organizations might satisfy the requirements
- Statutory and regulatory requirements and ISO 22000:2005
- The terms accreditation, certification and registration and the two stage process to achieve registration to ISO 22000:2005
- Have an understanding of relevant food safety legislation and be able to audit a 2nd or 3rd party organization's management system for conformity
- Be able to plan, conduct, report on an audit of a FSMS in accordance with ISO 19011:2002 and ISO/IEC 17021:2006

This course qualifies you:

- Accelerate your professional skills and find out what is new in the Food Safety and auditing field.
- Develop the ability to improve audit performance
- Audit with much more success and less stress
- Put the joy back in to your work
- Make a bigger difference and reach more clients
- Enjoy rave reviews for your work
- Obtain a network directory of participants
- Enjoy an affordable, in-depth program.

IRCA Certificated Training:

IQMS-UK is an approved Training Organisation with the IRCA (International Register of Certificated Auditors), and offers the IRCA approved QMS Auditor/Lead Auditor Course through all offices of DAS & STCI in Pakistan and other more than 30 countries i.e. Korea, Taiwan, China, India, Middle East, Portugal, North America, UK, USA and many more countries.

All IQ Tutors are broadly experienced; IRCA qualified Lead Auditors, in current practice and high standard professional lecturers. The duration of each course is 5 days and is usually residential. The course includes provision of all the training materials, including a comprehensive Delegate's Notes Manual. There is a written examination, set by the IRCA, on the last day of the course, in addition to continuous assessment based on the practical exercises as well as the work and contribution during the course.

Delegates, who succeed in passing both the continuous assessment and the examination, shall be eligible for registration as a Provisional Auditor on condition of meeting the IRCA requirements within 3 years of passing the course. DAS Pakistan & STCI will assist the top five successful participants to complete the requirements of IRCA for auditing from each course.

Prior to the commencement of the course, all delegates are expected to have some understanding of the contents and implementation of the ISO 22000-2005 Standards. Copy of ISO 9001 Standards and Training Manual can be obtained from STCI office after your nomination is confirmed.
